

DESCRIPTION

As a busy and vulnerable area, a pedestrian crossing should always be highly visible for all road users to ensure the safety of those crossing.

Simmons signs have developed a selection of products specifically designed to provide solutions for safer pedestrian crossings. Offering extra illumination, our Moduspot is the ideal product to achieve maximum visibility for these high traffic areas.

Available pre-fitted to the following products:

- Modubel
- Modustar
- Modupost

The Moduspot is a robust 6 watt, low energy LED spotlight supplied pre-fitted below the beacon of a Modubel, Modustar or Modupost providing an additional level of illumination for crossing points, making it safer for pedestrians to cross busy roads.

MORE ABOUT THE MODUSPOT
