

DESCRIPTION

For over 20 years the Simbol internally illuminated bollard has been successfully providing essential road information to drivers around the world. Designed to resist tearing and reform with little or no distortion, even after multiple impacts, it reduces the likelihood of damage or injury during a collision.

BS EN 12899:2007 Type 1 TTB, IR3, OH1

Regulation 2019/465 and 2020/1359 on Construction Products as brought into UK law and amended

CONSTRUCTION

Body

Rotationally moulded, UV stabilised, bespoke fully recyclable polymer. Enhanced surface treatment giving a superior, easy clean, low porosity surface as standard.

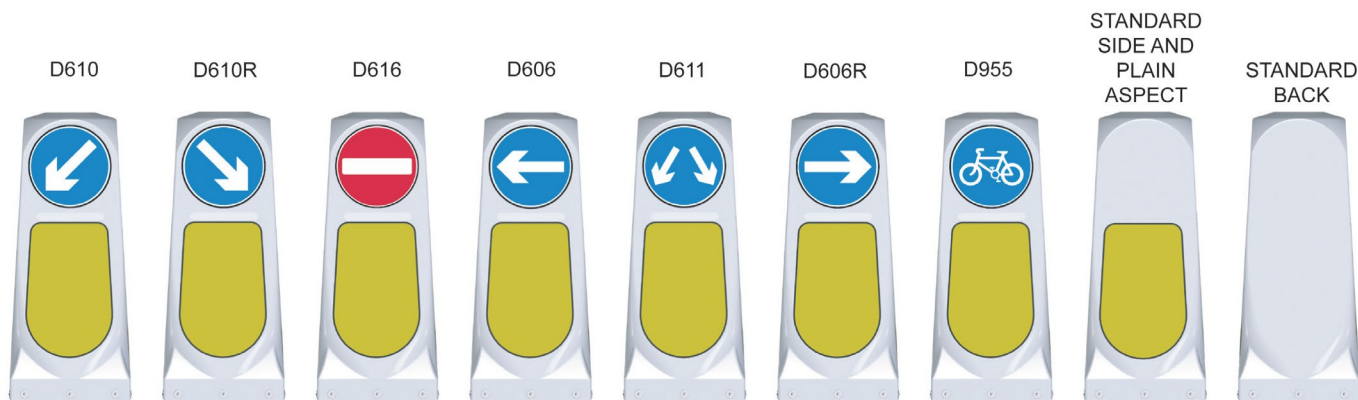

Graphics

270mm diameter aspect. Integrally moulded graphics carry a 5 year guarantee against fading and delamination. High profile black borders as standard.

Mounting

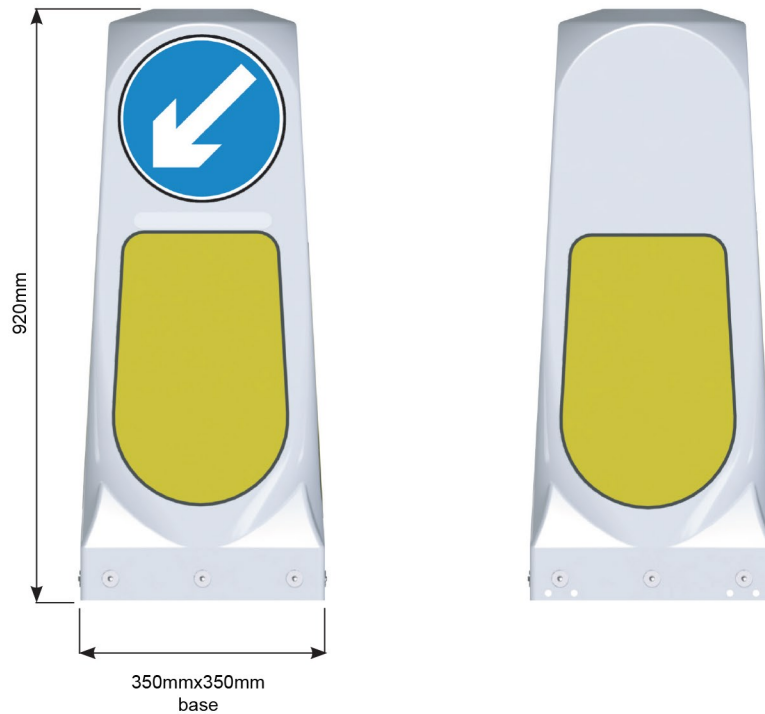

Full 3mm galvanised mild steel angle fixing frame, providing fixings to industry standard bases.
